

**Consultation
on the future
of the Bath
Press Site**

Have your say

Thank you for taking the time to visit today's exhibition. We are keen to know your views on the Bath Press site and the surrounding area and would be grateful if you could complete this feedback form.

This is your opportunity to be involved in shaping the scheme – your comments will inform the emerging proposals and help us in creating the best solution for the Bath Press site, so please take the time to include as much information as you can.

Design, architecture and heritage

The site is located within the UNESCO World Heritage Site and we appreciate that the sensitive architectural heritage of Bath is of unparalleled importance. We understand that the proposals will need to reflect and complement this. Please tell us your thoughts on the following:

What sort of architecture/design would you like to see on the site?

What are your views on the height of the buildings?

We are keen to know your views on the following options for the main Bath Press building:
Retention of the façade

Complete redevelopment

Are there any other issues surrounding heritage and architecture you think should be considered?

Traffic and transport

How you travel around and through the area is an important consideration. Your views will help us to understand what works and what doesn't, and how travelling around the area could be improved.

Where do you normally travel to and how could your journey be improved?

Is traffic one of your main concerns and if so, what would you like to see done about it?

Is access by bus and public transport an issue in the area?

How could the development help to improve access by public transport?

What improvements would you like to see in the area for pedestrians and cyclists?

Would you like to see a north/south route opened up across the site?

Do you have any further comments about traffic and transport?

The area

We are seeking to deliver a scheme that brings new life to the site, making a positive contribution to the economy and bringing value and benefit to its residents. In order to help us achieve this, please give us your views on local facilities and the surrounding area:

What do you currently like and dislike about the surrounding area?

What improvements could be made to address the issues you dislike?

Are there any facilities of poor quality you would like to see replaced or improved or are there any new facilities you would like to see in the area?

If you have further comments about the needs of the local area, please detail them here:

Possible solutions for the site

We are considering a mixed-use, retail led scheme, brought together with a range of complementary elements, which could include homes and offices. We'd like your views on what elements you think could work on the Bath Press site:

Homes

Affordable/key worker homes

Student housing

continued overleaf...

Please post this form in the comments box as you leave the exhibition, or alternatively, you can return your form by post to: Bath Press consultation, Trimedia, 29-35 Lexington Street, London W1F 9AH

Please return your form by Monday 15th December 2008

Office space

Major anchor retailer

Smaller retail units

Health and fitness club

Are there any other issues you think need to be addressed or do you have any further comments?

Would you like to be kept informed as the scheme progresses, including details of further public consultation events?

Yes ☐

No ☐
